

# A new and effective Anti-communist Weapon

The communists have been using  
FOLK-SINGING FOR YEARS

Now the tables have been turned;  
a clear message, a rich voice, wonderful music.  
Ideal for young people.

## THE FASCIST THREAT

I've heard it said and it makes me fret,  
America has a fascist threat.  
Which organization can it be?  
This is what perplexes me.

So I think I'll take a little quiz  
And find out just what fascism is;  
Tho' some may think that it's extreme  
To find out what words really mean.

It has a party, rather small,  
That seeks to rule and govern all,  
A single leader, whom they say,  
Everybody must obey.

Destroy the government with lies,  
Seize control and centralize,  
Very shortly you will see  
A fascist state monopoly.

Although we've used the fascist name,  
Communism is just the same,  
It's plain to see these two are twins,  
And freedom dies if either wins.

One billion conquered should reveal  
The danger that is very real.  
The greatest fascist threat, you see,  
Is the Communist conspiracy.

So rally now to freedom's call;  
Unafraid, we'll stand up tall;  
With faith and courage, we will find  
Peace shall reign for all mankind.

## BE CAREFUL OF THE COMMIE LIES

When I was young, it seemed to me  
The whole wide world would soon be free,  
But communism is on the rise,  
And Satan has a new disguise.

Chorus:  
Be careful of the Commie lies;  
Swallow them and freedom dies,  
The U.S.A. must realize  
That she's the biggest prize.

Why be surprised when they retreat;  
Their major weapon is deceit;  
When will we learn, alas! alack!  
It's three steps forward, two steps back.

To find them is an awesome task;  
They always wear a different mask;  
But knowledge rips the mask away,  
And free forevermore we'll stay.

Chorus:  
We'll expose the Commie lies  
And truth throughout the world will rise,  
With evil we'll not compromise,  
The truth shall keep us free.
